

# Database and Web Services Project Assignment 11

Ilyas Benyamna, Ujjwal Khadka, Saad Aboujid, Idris Chendid

## Instructions

The map page can be accessed in the navbar of the landing page, or simply by following this link <http://clabsql.clamv.jacobs-university.de/~ibenyamna/map/map.php>.

We used the following API: <https://ip-api.com>.

For the feature to work, you have to disable your ad blocker and trackers blocker.

For the source code, see the uploaded file `map.php`
